

Press Release

Legend Records is happy to announce the CD release of singer/songwriter Steve Grimm's, "Bad Boys Bad Girls" on March 26, 2016. Fueled by electric guitars and slamming rhythms you won't be able to sit still. The words between the lines trace the relationship of a starry eyed couple as they journey thru the Rock & Roll life. From "YOU AND ME AGAINST THE WORLD", into the trials and tribulations of the music business, love lost and found until back, "WHERE I BELONG", brings it all home. Embellished with great performances by talented musicians, Brooke St James, Gary Koehler, Craig Evans, Char Fiore and more. Take a ride on the songwriting trip. We know you will enjoy this treasure. Please join the Grimm Brothers CD release party @ Jack Rabbit Slims, 8010 W National, Milwaukee, March 26, 2016.
